

Home Learning

Good Morning Hummingbirds! I hope you all had a wonderful weekend – I tried to stay indoors as much as possible, only leaving to do a little walk. That meant I had lots of time to record videos for you to watch at home so hopefully over this week you will get to watch some of them! Maybe you could draw me a picture of what you did at the weekend as an extra task – don't worry if you don't get time though! I hope you all have a lovely Monday and I can't wait to see some more photos and videos today.

Mrs Wolfreys

Today is: Monday 30th March

Today's tasks are (please see the timetable sent out previously for a recommended structure of the day however this is not a structure you need to follow for nursery but just guidance):

Pencil Control/Fine Motor Skills: Today is all about gross motor skills – check in with Joe Wicks and complete his daily workout to help build our core strength!

Maths/Literacy: Today I want you to think about ordering numbers. Start by watching the numberblocks episode – 'Off We Go' - <https://www.bbc.co.uk/iplayer/episode/b08cr0y7/numberblocks-series-1-off-we-go>. Discuss what happens in the episode. Who had to come first? How did they know which order to go in? Have a look at the slides at the end of this letter, can you point to which number should come first? Can you order the numbers by pointing to them in order? Can you spot my mistake – which numbers have I got mixed up?

Phonics: Today's phonics is a phase 1 activity looking at environmental sounds. If you can, go for a sound walk if not stand in your garden or even in your house with the window open. Stay really quiet and listen to the sounds around you. What can you hear? Can you name what is making the sound? Listening now in my flat I can hear: the wind, a car, a siren and someone talking. Maybe you could draw a picture of the things you hear.

Topic: This week we will be celebrating Easter. Today I would like you to share this story which you can find on the Twinkl website (they have allowed free subscriptions during home learning and you will find so many amazing resources on there!) <https://www.twinkl.co.uk/resource/t-1-52624-saving-easter-ebook>

Daily Challenges:

- Many people have been putting rainbows up in their windows to keep everybody happy whilst they have to stay at home. If you haven't made one try and make one today. What might you use – pencils? Coloured paper? Paint?

- One Little Project is an amazing website full of craft ideas you can do at home. Check out all of these Easter craft projects – see if you could have a go at one <https://onelittleproject.com/easter-crafts-for-kids/>
- Go on a shape hunt around your house. Can you find anything that is a square, triangle, rectangle or circle? Maybe you might find other shapes too?
- Parent challenge: Please keep emailing me lots of the wonderful photos – I love seeing all the children and what you have been up to. Share anything that you found useful or liked on your whatsapp group 😊 email is: nursery@meadlands.richmond.sch.uk
- Parent challenge: Freeze small toys in some water as one of tomorrow’s daily challenges will be to try and free the toys from the ice
- Any questions please do email me. I will be in the school on Wednesday and Thursday next week for the key worker children. I may not be able to respond as quickly on these days.

In addition to the nursery daily planning, don't forget to tune in to Mrs McGeoch's assembly at 9 or check out Mr Penberthy's daily workout. Ms Davies will also be uploading some mindfulness sessions and Mrs Pearman will be keeping us upbeat with some music fun. These sessions will all be found on the website. Finally, keep an eye for story time videos which will be added to the website 😊

Maths.

LC: I can order numbers to 5

I have started ordering these baskets of apples.
Can you point to the one that comes next?
Can you finish ordering them?

LC: I can order numbers to 5

Now can you try to order all of them?

Which basket comes first?

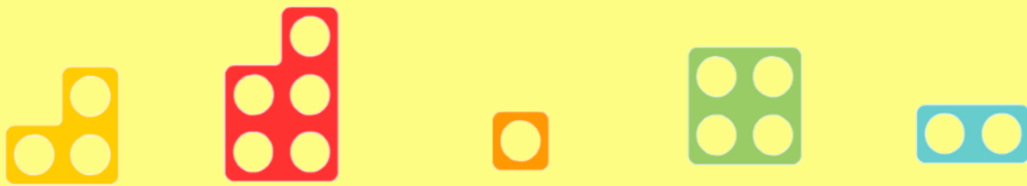

LC: I can order numbers to 5

Can you order the numicon?

Can you point to which number comes first?

Which number would come next?

LC: I can order numbers to 5

Can you now try to order the numerals?

Which numeral is number 1?

5 3 1 2 4

LC: I can spot the mistake and say why it is wrong

1 2 3 5 4

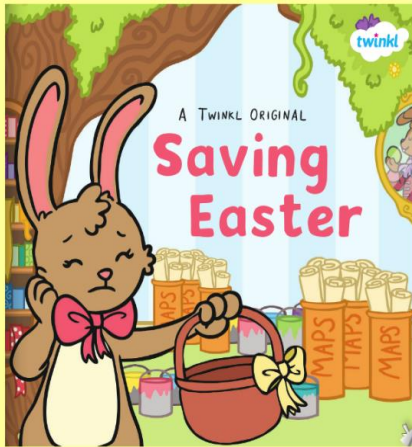

I think Mrs Wolfreys is wrong because _____

_____.

Topic.

LC: I can listen to a story and recall what happens

How does she feel at the beginning? At the end?
Why might she feel worried about the foxes helping her?

What does the Easter bunny have to do?
Who comes to help her?
How do they help?

Joke of the Day!
What do witches wear to bed?
Fright-gowns
