Mrs Wolfreys

Today is: Tuesday 2nd June

Today's tasks are (please note these activities can be done in any order and any preference. You do not need to complete them all but I have highlighted in yellow the activity that I feel is most beneficial.)

Pencil Control/Fine Motor Skills: We will be recapping some of the activities we have already done for fine motor skills over the next few weeks, with a few new activities popping up! Today's activity is paper flowers.

Cut out some paper flowers, ask a grown-up to draw them for you and help you when using the scissors. Fold in the petals and put the flowers in some water (with the petals folded in) – what is happening? Why might this happen?

Maths/Literacy: Have a look at the slides at the end of this letter. Today we are going to have a go at adding some pirate coins together. Remember, count each side and then count them together. You can use real life objects to help you, maybe some coins you have at home.

Phonics: For today's phonics lesson we are going to learn a new sound. Today's sound is 'j'. You will find the video here: <https://www.youtube.com/watch?v=8oJfOCc21PU>

Topic: Today we will be looking at our first pirate story 'Pizza for Pirates'. Listen to the story here <https://www.youtube.com/watch?v=UVv-G1jWs8k> . What was your favourite part?

Daily Challenges:

- Can you make a pirate ship with recyclable rubbish you find in your house?

- Can you learn a pirate song? Today's song is called 'Pirate Crew', you will find the words and the backing track on the website.
- Parent challenge: Please keep emailing me lots of the wonderful photos – I love seeing all the children and what you have been up to. Share anything that you found useful or liked on your whatsapp group ☺ email is: nursery@meadlands.richmond.sch.uk
- Any questions please do email me I will be in school on some days but I will try to respond ASAP.

Maths.

LC: I can add the numbers using pictures to count altogether.

How can we find out the answer?

$$\square + \square = \square$$

LC: I can add the numbers using pictures to count altogether.

What is the answer this time?

$$\square + \square = \square$$

LC: I can add the numbers using pictures to count altogether.

Can you notice a pattern?

$$\square + \square = \square$$

LC: I can find the missing number

How can we find out the answer?

$$\square + \square = 5$$

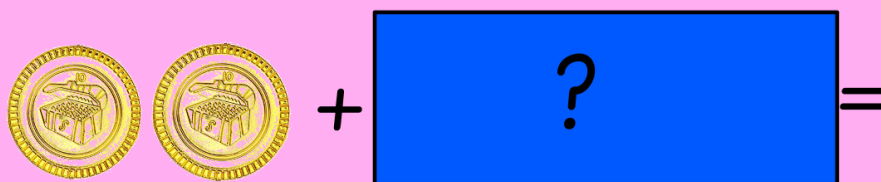

LC: I can find the missing number

Tell me how
you found
the answer?

$$\square + \square = 5$$

LC: I can spot the mistake

Tell me how
you found
the answer?

$$\boxed{2} + \boxed{2} = \boxed{5}$$

Extra sheet.

Read the words on the coins and decide if you think they are real words or fake words.
