

Key Instant Recall Facts

Year 2 Summer Term 1

I can tell the time

By the end of this half term, pupils should know the following facts. The aim is for them to recall these facts **instantly**.

Facts

Children need to be able to tell the time using a clock with hands. This target can be broken down into several steps:

I can tell the time to the nearest hour

I can tell the time to the nearest half hour

I can tell the time to the nearest quarter hour

I can tell the time to the nearest five minutes

Key Vocabulary:

Twelve o'clock

Half past two

Quarter past three

Quarter to nine

Five past one

Twenty-five

They should be able to answer these questions in any order, including missing number questions e.g. $10 \times ? = 70$ or $? \div 10 = 6$

Top tips

The secret to success is practising **little** and **often**. If you would like more ideas, please speak to your child's teacher

Activity ideas

* **Talk about time**- Discuss what time things happen. **When does your child wake up? What time do they eat breakfast?** Make sure that you have an analogue clock visible in your house or that your child wears a watch with hands.

* **Ask your child the time regularly**- You could also give your child some responsibility for watching the clock :

"The cakes need to come out of the oven at quarter past four."

"We need to leave the house at half past eight."

* **Making times on a clock face**- Why not have a go at making your own clocks and then practice making a O'clock or half past time or make times using the program at

http://mathsframe.co.uk/en/resources/resource/90/itp_clock .
