

**Meadlands School Policy
Accessibility Plan
Updated: September 2024 Review: September 2027**

At Meadlands we dream big. Our mantra is borrowed from our literary hero, Roald Dahl *we are the music makers and we are the dreamers of dreams*. And our motto is *Work Hard & Be Kind*.

What do these words mean to a kid like me at Meadlands? It means we learn more than just facts and subjects, we are taught how to learn so we can be adaptable and be ready for the world we will be part of when we are older. Meadlands encourages us to be self-motivated, to use our own initiative, to be resilient, curious, imaginative, determined and above all else to be kind and respectful. My teachers and staff know me very well, my learning is personalised to my own strengths and weaknesses, I have goals set to challenge me, to break down my barriers and overcome my difficulties. So I can always be better and do better. As a class we make outstanding progress in our lessons. We are proud of ourselves and each other. As a school we all work to improve and grow it. Students, parents, care givers, staff, leaders and governors. Everyone is invited to contribute. This is part of our experience.

Our school is committed to dreaming big. Never resting on our laurels. The curriculum is always developing and improving. Delivering the new skills and knowledge we will need for the future. Our school is a harmonious place to be. Where dreaming is nurtured. Where we know through hard work and kindness, every dream is possible.

Aims

Schools are required under the Equality Act 2010 to have an accessibility plan. The purpose of the plan is to:

- Increase the extent to which disabled pupils can participate in the curriculum
- Improve the physical environment of the school to enable disabled pupils to take better advantage of education, benefits, facilities and services provided
- Improve the availability of accessible information to disabled pupils

At Meadlands, we are committed to treating all pupils and adults fairly and with respect. This includes providing an accessible environment which values and includes all pupils, staff, parents and visitors - regardless of their social, emotional, educational, physical, or cultural needs. We recognise that one size does not fit all; two people with a similar disability won't necessarily have the same experiences or need the same adaptations. We are also committed to challenging negative perceptions of and attitudes towards disability and accessibility, and to developing a culture of awareness, kindness and inclusion.

To achieve this, we ensure that staff are trained in equality issues with reference to the Equality Act 2010, and that the children are supported to develop an age-appropriate understanding of disability, equality and empathy towards others. We also work closely with families, charities and members of the local community in order to develop and implement this accessibility plan.

If you have any concerns relating to accessibility in school, please initially contact Laura Tadman-Barson (SENDCO) via the school office. If concerns remain, our [complaints policy](#) sets out the process for raising these concerns.

Legislation and Guidance

This Accessibility Policy and Plan are drawn up in compliance with current legislation and requirements as specified in [Schedule 10](#), relating to Disability, of the Equality Act 2010, and the Department for Education (DfE) [guidance for schools](#) on the Equality Act 2010. School Governors are accountable for ensuring the implementation, review and reporting on progress of the Accessibility Plan over a prescribed period.

The Equality Act 2010 defines an individual as disabled if he or she has a physical or mental impairment that has a 'substantial' and 'long-term' adverse effect on his or her ability to carry out normal day-to-day activities. Under the Special Educational Needs and Disability (SEND) Code of Practice, 'long-term' is defined as 'a year or more' and 'substantial' is defined as 'more than minor or trivial'.

Schools are required to make 'reasonable adjustments' for pupils with disabilities under the Equality Act 2010, to alleviate any substantial disadvantage that a disabled pupil faces in comparison with non-disabled pupils. This can include, for example, the provision of an auxiliary aid or adjustments to premises.

A disability can arise from a wide range of impairments, including but not limited to: sensory impairments such as those affecting sight or hearing; long-term health conditions such as asthma, diabetes, epilepsy and cancer; developmental impairments such as autistic spectrum disorder (ASD) or dyspraxia; learning disabilities; and mental health conditions such as anxiety.

Monitoring arrangements

This document will be formally reviewed or re-written every three years, as is our statutory responsibility, but is likely to be reviewed and updated more frequently to ensure excellent inclusive provision. It will be reviewed by the SENCo (Laura Tadman-Barson), Headteacher (Jo Wreford) and Chair of Governors (Lisa Fairmaner and Annabelle Hughes).

Action Plan

The attached action plan sets out the aims of our accessibility plan in accordance with the Equality Act 2010.

Accessibility Action Plan 2024-2027

Aim 1: Increase access to the curriculum & extra-curricular opportunities for pupils with disabilities

Current good practice:

- ✓ SEND register is up-to-date & shared with staff
- ✓ Young carers identified & recorded on safeguarding register
- ✓ SEND support plans/EHCPs outline adjustments required to allow access to and success in the curriculum, and monitor effectiveness of support
- ✓ Literature review implemented by reading lead, leading to investment in books about different SENDs, family types, cultures etc.
- ✓ Curriculum review implemented by middle & senior leaders, leading to a more inclusive range of topics
- ✓ Lesson resources are tailored to the needs of pupils who require support to access the curriculum
- ✓ Targets are set effectively and are appropriate and personalised for pupils with additional needs. Curriculum progress is tracked for all pupils.
- ✓ Extra-curricular clubs inclusive of all children. Those on SEND register offered priority places & attendance monitored. Where adult support required to access a club, this is offered for at least one club a week.
- ✓ Trips/visits inclusive of all children – adaptations made where necessary e.g. alternative transport route or parent attendance
- ✓ Diverse range of assemblies and workshops planned across year to increase disability awareness & inclusive attitudes/behaviours - e.g. MIND (mental health awareness), RUILS (disability awareness), World Autism Awareness week, kindness week.
