

Meadlands School Policy
Financial Regulations and Scheme of Delegation
Updated: Sept 2023 Review: Sept 2026

At Meadlands we dream big. Our mantra is borrowed from our literary hero, Roald Dahl *we are the music makers and we are the dreamers of dreams*. And our motto is *Work Hard & Be Kind*. What do these words mean to a kid like me at Meadlands? It means we learn more than just facts and subjects, we are taught how to learn so we can be adaptable and be ready for the world we will be part of when we are older. Meadlands encourages us to be self-motivated, to use our own initiative, to be resilient, curious, imaginative, determined and above all else to be kind and respectful. My teachers and staff know me very well, my learning is personalised to my own strengths and weaknesses, I have goals set to challenge me, to break down my barriers and overcome my difficulties. So I can always be better and do better. As a class we make outstanding progress in our lessons. We are proud of ourselves and each other. As a school we all work to improve and grow it. Students, parents, care givers, staff, leaders and governors. Everyone is invited to contribute. This is part of our experience. Our school is committed to dreaming big. Never resting on our laurels. The curriculum is always developing and improving. Delivering the new skills and knowledge we will need for the future. Our school is a harmonious place to be. Where dreaming is nurtured. Where we know through hard work and kindness, every dream is possible.

Lettings Policy

9.1 General

The Governing Body recognises the position of the school in the local community and that encouragement should be given to the use of the school by outside organisations. In recognition of this, further internal regulations are applicable.

The Governing Body wishes to take every possible care to ensure that all children/young people using the school premises out of school hours are safe from abuse and that they are treated with dignity and respect.

9.2 Application Form

All hirers will complete the appropriate lettings application form. Day to day approval of requests for hire will be the responsibility of the School Business Manager after:

- i) confirming the scales of charges.
- ii) ascertaining the application form has been properly signed by the hirer.
- iii) confirming whether or not the hirer is affiliated to any national association that has its own child protection policy.
- iv) that the hirer has a child protection policy if not affiliated to a national association,
- v) that a copy of the school's own child protection policy and guidelines has been passed to the hirer and that they have signed to confirm receipt.

Abatement of charges can only be made by the School Business Manager.

9.3 Bookings

All requests for hire will be logged in the office diary by the School Business Manager. Payment will be required in advance for all one-off lettings and where the hirer is not known to the school. In other instances it may be appropriate to require a deposit to be paid. All such deposits will be banked immediately, and where a deposit is subsequently required to be returned to the hirer, then the refund should be made by means of a cheque.

9.4 Payments

Every effort should be made to collect lettings income in full as the booking is made. See Section 8 for full details of income procedures. Where required, invoices on two-part sequentially numbered stationery will be issued to hirers for use of the school premises. The School Business Manager is responsible for issuing invoices.

9.5 Debt Management

Unless specifically detailed on the invoice, payment terms will be 28 days.

The following timetable shall apply where payment is not received:-

- | | |
|---|--------------------------------------|
| (a) 28 days after original invoice issued | - first reminder letter |
| (b) 2 weeks after first reminder letter | - second reminder letter |
| (c) 2 weeks after second reminder letter | - referral to Legal Service Provider |

See Section 3.3 for “writing off” of bad debts.

10. Tendering Procedure

Approval of contracts over £50,000 will only be made following the school’s tendering procedure and by reference to the standards laid down in the Procurement Standards for Schools contained in the Finance Manual for Schools.

- 10.1 Invitation to submit tenders will be made by appropriate means, i.e. invitation to tender, advertising, trade journals etc.
- 10.2 The invitation to submit tenders (Section 12.1) will include the nature and purpose of the contract, where further details can be obtained and the last date and time on which tenders can be received, normally not less than fourteen days after the invitation is published.
- 10.3 All tenders received must be in a plain sealed envelope bearing only the words “tender” and the subject to which the tender refers.
- 10.4 All tenders will be opened at the same time and details of contractor, tendered amounts and any other details recorded at the time of opening.
- 10.5 Tenders will be opened by any two representatives from the Governing Body. Tenders received after the closing date and time will not be considered.
- 10.6 No contractor will be allowed to amend the tender after the date and time fixed for receipt of tenders. However, if genuine and obvious errors are found in tenders, contractors will be allowed to withdraw, confirm or amend the tender as appropriate.
- 10.7 In accepting any tender, Governors will analyse and compare all possible options to make sure value for money is obtained. This might mean accepting a tender that is not necessarily the lowest. Where a tender other than the lowest is accepted, the reasons for its acceptance must be documented, and reported to the Governing Body. All decisions made must be recorded in the minutes of that meeting for future reference.
- 10.8 Acceptance of any tender will be confirmed to the contractor in writing and no work should be started until this has been done.
- 10.9 Any contracts awarded will include a paragraph to the effect that any contractor will be prohibited from transferring or assigning directly or indirectly, to any other person or contractor, any portion of the contract without the written permission of the Governing Body.
- 10.10 All ongoing contracts will be reviewed and renegotiated at regular intervals.

- 10.11 Governors and school staff should declare their personal interests whether pecuniary or non-pecuniary in any proposal to call for tenders for supply of goods, materials or services or in the decision making process to accept any such tender.

11. **Governors' Allowances**

Section 36(5) of the Education Reform Act 1988 enables governing bodies to decide whether they wish to pay travelling and subsistence allowances from the school budget to individual members of the governing body. The policy of the governors in respect of payment of allowances must be openly available to parents and governors.

The governing body must consider the payment of allowances annually, and the outcome must be recorded appropriately in the minutes.

Governors have agreed that travelling and subsistence allowances will not be paid to members of the Meadlands' governing body.

12. **Whistle Blowing Policy**

12.1 **Governors' Statement**

The Governors of Meadlands Primary School are committed to tackling all forms of malpractice, fraud, etc and treat these issues seriously. The Governors recognise that some concerns may be extremely sensitive and have therefore developed a system which allows for the confidential raising of concerns within the school environment but also has recourse to an external party outside the management structure of the school.

The Governors are committed to creating a climate of trust and openness so that a person who has a genuine concern or suspicion can raise the matter with full confidence that the matter will be appropriately considered and resolved. The provisions of the policy apply to matters of suspected malpractice and fraud, and not matters of more general grievance which would be dealt with under the school's grievance procedures.

To this end, we have adopted the London Borough of Richmond Whistle Blowing Policy (updated November 2011).

13.0 **Best Value Statement**

Introduction

The governing body is accountable for the way in which the school's resources are allocated to meet the objectives set out in the school's development plans. Governors need to secure the best possible outcome for pupils, in the most efficient and effective way, at a reasonable cost. This will lead to continuous improvement in the school's achievements and services.

What is Best Value?

Governors will apply the four principles of best value:

- **Challenge** – Is the school's performance high enough? Why and how is a service provided? Do we still need it? Can it be delivered differently? What do parents want?
- **Compare** – How does the school's pupil performance and financial performance compare with all schools? How does it compare with LA schools? How does it compare with similar schools?
- **Consult** – How does the school seek the views of stakeholders about the services the school provides?
- **Compete** – How does the school secure efficient and effective services? Are services of appropriate quality, economic?

The Governors' Approach

The Governors and school leaders will apply the principles of best value when making decisions about:

- the allocation of resources to best promote the aims and values of the school;
- the targeting of resources to best improve standards and the quality of provision; and
- the use of resources to best support the various educational needs of all pupils.

Governors, and school leaders will:

- make comparisons with other/similar schools using data provided by the LA and the Government, e.g. RAISE Online, quality of teaching and learning, levels of expenditure;
- challenge proposals, examining them for effectiveness, efficiency, and cost, e.g. setting of annual pupil achievement targets, expansion of provision;
- require suppliers to compete on grounds of cost, and quality/suitability of services/products/backup, e.g. redecoration; and
- consult individuals and organisations on quality/suitability of service we provide to parents and pupils, and services we receive from providers, e.g. sex and relationships education, pupil reports, assigned inspector, Ofsted, maintenance consultant, borough energy advisor.

This will apply in particular to:

- staffing;
- use of premises;
- use of resources;
- quality of teaching;
- quality of learning;
- purchasing;
- pupils' welfare; and
- health and safety.

Governors and school leaders:

- will not waste time and resources on investigating minor areas where few improvements can be achieved;
- will not waste time and resources to make minor savings in costs; and
- will not waste time and resources by seeking tenders for minor supplies and services.

The pursuit of minor improvements or savings is not cost effective if the administration involves substantial time or costs. Time wasted on minor improvements or savings can also distract management from more important or valuable areas.

Staffing

Governors and school leaders will deploy staff to provide best value in terms of quality of teaching, quality of learning, adult-pupil ratio, and curriculum management.

Use of Premises

Governors and school leaders will consider the allocation and use of teaching areas, support areas and communal areas, to provide the best environment for teaching and learning, for support services, and for communal access to central resources, e.g. the library.

Use of Resources

Governors and school leaders will deploy equipment, materials and services to provide pupils and staff with resources which support quality of teaching and quality of learning.

Teaching

Governors and school managers will review the quality of curriculum provision and quality of teaching, to provide parents and pupils with:

- a curriculum which meets the requirements of the National Curriculum, National Literacy Strategy and National Numeracy Strategy, the LA Agreed RE Syllabus, and the needs of pupils;

- teaching which builds on previous learning and has high expectations of children's achievement.

Learning

Governors and school leaders will review the quality of children's learning, by cohort, class and group, to provide teaching which enable children to achieve nationally expected progress, e.g. setting of annual pupil achievement targets, two national curriculum levels between Years 3 and 6.

Purchasing

Governors and school managers will develop procedures for assessing need, and obtaining goods and services which provide best value in terms of suitability, efficiency, time, and cost. Measures already in place include:

- competitive tendering procedures (e.g. for goods and services above £50,000);
- procedures for accepting "best value" quotes, which are not necessarily the cheapest (e.g. suitability for purpose and quality of workmanship);
- procedures which minimise office time by the purchase of goods or services under £5,000 direct from known, reliable suppliers (e.g. stationery, small equipment).

Pupils' Welfare

Governors and school managers will review the quality of the school environment and the school ethos, in order to provide a supportive environment conducive to learning and recreation.

Health and Safety

Governors and school managers will review the quality of the school environment and equipment, carrying out risk assessments where appropriate, in order to provide a safe working environment for pupils, staff and visitors.
